Halloween Mask Cover

What's Rakuten Design Lab?
Rakuten Design Lab is a design organization aimed at further strengthening Rakuten's businesses through the power of design.

@ rakuten_design_lab

Attach the cover onto your mask before wearing it.

How to make your mask:

1

Print out the template on A4 paper.
Do not change the scale or choose "Fit to Page" option. It must be printed in **full scale**.

2

Cut along the blue — line.

3

Bring the lower slit towards the tab, aligning the edge with the ••• line.
Staple or tape the tab behind the opposite wedge.

4

Fold over two tabs on the side along the --- line.

5

Fold into the mask to hold in place.
Apply staple or tape if necessary.

6

Wear your mask and enjoy Halloween!
